

## Gladys Gray for Social and Economic Justice Committee Chair

I will work to support the mission, program goals and objectives of all the solidarity committees. I will create lines of communication with the community and our members to achieve a working relationship that will benefit the Social and Economic Justice agenda and our Local 1021.

I'm currently the President of AFRAM, the SEIU 1021 African American Solidarity Committee. Since I've been President, we have been involved in over ten community outreach events. I've been active for over 15 years and held various positions within AFRAM, including Vice-President of the Western Region. In all of these positions I worked diligently on voter registration, community assistance and awareness, and other services that would fall under the category of Social and Economic Justice/ Human and Civil Rights. I also have a certificate in Labor Law and Organizing with SEIU.

Your vote for me as SEJ Committee Chair is also a vote for the **Change 1021** slate; please see our guiding principles at [www.change1021.org](http://www.change1021.org).

Now is the time to vote for change.
