

## **Karen Bishop for County Area Representative from San Francisco**

Since the merger in 2007, the Union has been lacking the voice of the members. The members' rights to representation, to communication from the Union and their Local leaders, and their access to information has been seriously eroded. We need to CHANGE 1021 back so that members' input and right to decide a course of action is heard, respected and followed. THE MEMBERS ARE THE UNION. The strength of the Union is the support and participation of the members working together for better contracts, wages and benefits, for better working conditions, and for respect on the job.

I have been a Library Technician for 41 years at San Francisco Unified School District. Currently, I am President of SFUSD Chapter and a member of SEIU 1021 Executive Board. I have been a union activist, officer of the Local, or Executive Board member since 1985. My main goal is to work for a better working relationship between rank and file members, leaders and staff.
