

Kathy Basconcillo for City and County of San Francisco Industry Chair

After nearly three years of turmoil due to re-organizing ten locals into one, and hard-fought negotiations and compromise to develop workable Bylaws, SEIU 1021 is poised to move into a new decade – let's make sure that we empower our members to with a strong voice and focus on representation . Change 1021 is more than just a slate during this election, it is how we will give members control of the Local again.

I have 15 years experience on the Chapter, City, County, and Regional levels representing SFPUC members in grievances, numerous contract negotiations, several joint labor-management and Meet & Confer teams, as well as union committees including staff-hiring panels, event/action planning, strategy caucuses, and media and communication development.

We are a movement of SEIU members with broad experience from throughout this 32-county, multi-industry local committed to bringing about new representation, accountability and member-driven leadership to 1021. We can do it with your support and participation. Please visit our website www.change1021.org and Vote for Change!
