

## **Kathy O'Neil for Treasurer**

During these terrible economic times of cutbacks and layoffs, we need a strong advocate for members. I will be your advocate. Members' dues are the source of the Union's income and, as Treasurer, I will ensure that you have direct control of how your money is spent. I believe the percentages paid in dues by most of our members is too high and needs to be lowered with a vote of the membership.

Membership needs are the most important use of 1021 funds. Money for representation and for contract and budget fights should be the focus of our spending. I will be creative, responsible, and accountable to get the best outcomes for members.

I have over 20 years of experience fighting for workers as a Chapter President, Chief Steward, public advocate, and political campaigner. I was formerly the Treasurer in charge of the \$30,000,000 budget for the 32,000 members of SEIU Local 535 and I was also the elected First Vice-President of that local.

Please visit the [www.Change1021.org](http://www.Change1021.org) website to learn about the slate of candidates I am running with. Now is the time to vote for change!
