

Gary Jimenez For First Vice President

Dear Fellow Union Members,

I am running for First Vice President. I am a rank-and-file member that believes each and every member is entitled to good representation and, that every member should have a voice and vote in the future direction of our Union.

I have served as Chapter President and have been a long standing steward for the Fremont Unified School District workers. I was also an Executive Board Delegate in my Legacy Local and was instrumental in organizing the “East Bay Leadership Academy” for member training.

I am a member of COPE and long standing delegate of the Schools Industry Council. I am a Member Advisory Committee Delegate where I fought for member’s inclusion and involvement in our new Local 1021. Finally, I served on the Bylaws Committee to prepare our Local for its first Local Elections.

I am running with a team of people that I believe in, and that have a genuine interest in improving representation and member satisfaction. Our platform “Change 1021 to Member Run” is more than just a slogan our platform is based on a set of principles (on our website <http://change1021.org>).

Thank You
