

Saul Almanza For Special Districts Industry Chair

Brothers and Sisters,

My name is Saul Almanza and I am running for the position of Special Districts Industry Chair. Who are we? We are Water Agencies, Park Districts, ABAG, Housing Authorities, Mosquito Abatement, BART and more. I work for BART as an Employee Development Specialist training my co-workers.

I am running with the “Change 1021 to Member Run” team, we are dedicated to improving the level of representation. It seems that we are paying a lot of dues but receive very little support from the Union in return. If elected I will work with Chapter Leaders to address the lack of staff support that we have been experiencing.

I have been a member of our union for the last 13 years and in those years I have been elected Chief-Steward, Area Steward, and Member of the Negotiating team. I believe as dues paying members we should have a voice in determining what should go to arbitration and the kind of staff support we should receive.

I hope you will support me and the other “Change 1021” candidates; we are dedicated to building a strong rank-and-file led Union.

Thank You
